Marry Armstrong/ Jan Dreisbach as part of dry run on Nov-15 & 16 at EDC

28. Description of Change: (use additional Sheets if necessary)
We need to install X/Runner and load/Runner at EDC temporarily for the duration of end to end testing. The software needs to be installed and ready to go by November 13 as we will have our team out there for dry runs on November 15 and 16. I have checked with Keondra Joyner regarding any licenses issue. We have no problem with X/Runner. For Load/Runner we will have to take from EDF and install at EDC.

29. Proposed Solution: (use additional sheets if necessary)
X/Runner and Load/Runner media will be delivered to EDC DAAC along with documentation associated with it. It is my assumption that they at EDC DAAC will be installing these software. I would recommend that media is to be delivered it to them (overnight shipment) so that we will be ready for dry run on Nov 15-16.

30. Alternate Solution: (use additional sheets if necessary)

31. Consequences if Change(s) are not approved: (use additional sheets if necessary)
Would Delay getting ready for End to end testing and RRR.
